Response Summary:

Data Visualization Stage: Acquire

This self-assessment feedback instrument is designed to assess the following Knowledge Dimensions:

A. Factual Knowledge	B. Conceptual Knowledge	C. Procedural Knowledge
The basic elements that students must know to be acquainted with a discipline or solve problems with it.	The interrelationships among the basic elements within a larger structure that enable them to function together.	How to do something; methods, inquiry, and criteria for using skills, algorithms, techniques, and methods.

Q1. Student Information *

First Name	Ria
Last Name	Rajan
Course (e.g. CGT 270-001, CGT 270-LC, etc.)	CGT 270-007
Term (e.g. F2020)	F2021

Q2. Email Address*
riarajan@outlook.com

Q3. I can describe, in my own words, what happens in the acquire stage. *

- Agree

Q4. If you answered Disagree or Strongly Disagree, explain.
N/A

Q5. I can describe, in my own words, how to locate and identify data sources. *

- Disagree

Q6. If you answered Disagree or Strongly Disagree, explain.
I was confused in this lab on whether the other data sources we were locating were additional data sets that related to our original data set or actual sources that related to our dataset.

Q7. I understand what happens in the ACQUIRE stage of the data visualization process. *

- Agree

Q8. If you answered Disagree or Strongly Disagree, explain.
N/A

Q9. I understand what reputable data sources are. *

- Strongly Agree

Q10. If you answered Disagree or Strongly Disagree, explain.
N/A

Q11. I understand how the acquire stage impacts the visualization process. *

- Agree

Q12. If you answered Disagree or Strongly Disagree, explain.
N/A

Q13. I do not understand spoken English. *

- Strongly Disagree

Q14. I can demonstrate actions to acquire data. *

- Agree

Q15. If you answered Disagree or Strongly Disagree, explain.
  N/A

Q16. I can explain how the ACQUIRE stage impacts the visualization process. *

- Disagree

Q17. If you answered Disagree or Strongly Disagree, explain.
  I think I understand but I am not sure if I could explain how to get from the acquire stage to the visualization.

Q18. If given the task of identifying and acquiring data for a given visualization challenge, I can explain how the data was acquired. *

- Agree

Q19. If you answered Disagree or Strongly Disagree, explain.
  N/A

Q20. I can plan, generate, and produce data for a given data visualization project. *

- Disagree

Q21. If you answered Disagree or Strongly Disagree, explain.
  I was able to locate datasets and understand them but I can't generate or produce them myself.
